Douglasville, GA 30135

Re: Voting Machine Recovery Project

Dear Mr. Malee:

We would like to express our satisfaction with your organization for a job well done. You took into consideration the time constraint the County was facing with the upcoming primary election and did a quick and thorough job of testing our equipment. In addition, you and everyone from your organization were very professional and knowledgeable of the job at hand.

Again, thank you for your expertise, professionalism, and timeliness in helping our project come to a successful resolve.

Very truly yours,

P.J. Stevens

Milan Gjulich

William G. Harris
